WORK EXPERIENCE

- 2025 – Present **Science Designer, Contractor** · Infograph-Ed
- Provide interactive coding for projects, design media assets and maintenance of existing asset library
 - Translate complex scientific information and large datasets into clear, visually engaging infographic-style designs using tools like Adobe Illustrator and Microsoft PowerPoint.
 - Manage end-to-end design workflows, including independent project execution, iterative revisions, data analysis, research and fact-checking, and collaboration with teams and clients.
- 2025 – Present **Biomedical Communicator and Designer** · Clay Visuals
- Collaborate with clients to develop visual concepts aligned with brand identity, target audience, and project goals.
 - Translate client feedback into refined design solutions through iterative revisions.
- 2024 – 2025 **Scientific Illustrator, Contractor** · Ingenium – Ocean and Fisheries Canada (DFO)
- Conducted scientific and anatomical research on native species for a conservation exhibit focused on the Gully Marine Protected Area.
 - Delivered species illustrations ensuring scientific accuracy, stylistic consistency, and alignment with exhibit art direction.

EDUCATION

- 2023 – 2025 **MSc, Biomedical Communications** · University of Toronto, Institute of Medical Science
Receipient of: Inclusive Excellence Admissions Scholarship · Sherwood P. & Judith Gebhard Smith Endowed Fund
- 2019 **Continued Studies** · Interamerican University of Puerto Rico
Anatomy & Human Physiology I & II, Pathology, Molecular and Cellular Biology
- 2014 – 2019 **BA, Psychology and Mental Health, Cum Laude** · University of Puerto Rico, Department of Social Sciences

RESEARCH HIGHLIGHTS

- 2019 **Frontiers in Alzheimer's and Aging Research** · Morehouse School of Medicine, Atlanta, GA
- Conducted hands-on laboratory research using *C. elegans* and sea urchins in intensive workshops and seminars.
- 2019 **Developing Future Biologists** · University of Michigan, Ann Arbor, MI
- Completed laboratory courses using zebrafish, *C. elegans*, chick/mouse embryos, and *D. melanogaster*.

- 2019 **Research Assistant** · University of Puerto Rico, Ponce, PR
"A demographic study of the caregivers of Alzheimer's patients"
 – Extracted and cleaned qualitative interview data; organized datasets using IBM SPSS.
- 2019 **Research Assistant** · University of Puerto Rico, Ponce, PR
"Relationship between the level of knowledge of lawyers on the role of the Forensic Psychologist..."
 – Recruited and screened research participants; conducted structured interviews and documented qualitative data.

AWARDS & RECOGNITION

- 2025 **AMI Social Impact Award** · Association of Medical Illustrators' 79th Annual Conference, Grand Rapids, MI
- 2024 **Sherwood P. and Judith Gebhard Smith Endowed Fund** · Temerty Faculty of Medicine, University of Toronto
